INDOOR ACTIVITIES

Box Clever

In this unforgettable experience, you and your colleagues will be split into teams and embark on a journey filled with suspense, strategy, and, of course, lots of fun. Each team will face a series of thrilling challenges, just like the contestants on the show.

This activity is designed to highlight the importance of working as a team. With over 80 mini challenges the event highlights and draws on some key teambuilding dynamics such as time management, negotiation, strategy planning, communication and more.

Faithless

This activity is like no other... Who's The Traitor? Your group will be split into teams and assigned challenges to complete but watch out, not everything is as it seems! There will be traitors in your midst whose role is to sabotage your team and achieve hidden tasks.

HEALTH & WELLBEING

Clay-making Workshop

This workshop offers a positive and productive environment, creating a therapeutic outlet for stress relief and relaxation. It's also great for team building, as it encourages collaboration and communication amongst your employees.

This event will inspire budding bakers to have a go anywhere in the UK. This activity works well all year round, and also goes down really well at Christmas, and what better than a bit of baking for adding some feelgood Health and Wellbeing?
